

GEOS Environmental, Inc.

GEOS Environmental

***Reliability and
Responsiveness set
us apart.***

**GEOS is a TPE Vendor
and Supporter**

Licensed and insured

Twenty years of unparalleled experience with transportation sector clients.

- ◆ NOV Resolution and Regulatory Interaction
- ◆ Environmental Due diligence: sales, leases, acquisitions or divestitures
- ◆ Resolution of environmental issues associated with sales or liquidation
- ◆ Customized Stormwater & SPCC Plans in more than 30 states
- ◆ Management of stormwater sampling and reporting programs
- ◆ Research relating to SEC filings/PRP status
- ◆ Site assessment, remediation, and site closure consulting
- ◆ Resolution and management of storage tank compliance issues
- ◆ Corporate Environmental Management Systems, Plans, and Training
- ◆ Customized training for terminal, shop, &/or Safety managers

A sample of services recently provided by GEOS personnel...

- ◆ **Emergency Preparedness Plan:** We are assisting a client in developing an Emergency Preparedness Plan for a Houston terminal, as required by a new state law for certain properties with drinking water wells.
- ◆ **Are you a PRP?:** We helped a leading publicly-held carrier identify its environmental liabilities, quantify financial exposure, and prepare documentation required for SOX filings. The information allowed the client to make an educated determination of financial risk.
- ◆ **Helping your Terminal Managers do their job more efficiently:** GEOS can prepare **Quick-Reference Regulatory Summary** manuals for use by terminal & shop managers. These concise, informative procedural manuals contain targeted environmental information for each property: inspections required, who gets reports, spill report contacts, etc. A handy reference tool.
- ◆ **Reducing your Environmental Liability:** Managed the performance of 17 Phase I Environmental Site Assessments: On time and on budget.
